Selection Criteria

The womENcourage Participation Scholarship Committee and the reviewers will review the applications. Each application will be reviewed by a number of reviewers. To ensure fairness an application will not be reviewed by a reviewer from the same university. Some points to keep in mind include:

- Did you apply to present a poster in advance of applying for the scholarship?
- Is your statement of relevance tailored for the womENcourage. Does it focus on the aims and objectives of womENcourage? Consider why you wish to attend this event.
- Did you fill in all of the fields in the application form? Make sure that each field has the correct information. Does the name on the Scholarship match that of the one on the poster/paper application? Does the name match exactly with the details of your bank account? If you have made any mistake please email the scholarship committee.
- Ask your supervisor if s/he can fill in the recommendation form. If s/he is unavailable during the time period immediately after the closing date you should consider selecting another recommender. Check with your recommender if s/he has filled in their require section after the closing date for applications. The recommender must be from the university of which you are currently a student.
